

# Meg's House

Meg's House is pleased to present our

"Healing Invisible Wounds Children's Support Group"

Meg's House has formed partnerships with social service agencies, faith communities, and local counselors which has enabled us to establish a children's support group. Support group will assist children who have witnessed and/or experienced domestic violence. Beginning June 19th, sessions will be held every Wednesday for an hour from 5:00pm - 6:00pm. Our team of counselors from the Greenwood area will be volunteering their time and expertise to help mend invisible wounds and break the cycle of domestic violence.
